PERSONAL PROFILE

Currently completing diploma in Full Stack Software Development from Code Institute. With combination of my Masters in Mathematics, teaching experience and recently acquired programming and analytical skills, I see myself as a good fit for career in software technology. I have been honing my skills in software technology for the last 5 months. With proficiency in HTML, CSS, JavaScript and Python, I am looking forward to start my career in the tech industry, where I can learn and apply my knowledge to create a win-win situation for the company and my professional career growth.
